

DPA and DPM Progressive Dividers

Purchasing information

DPA

	1	DPA	3	CM	(50D / 100S / 500D)
1) Quantity of dividers	_____	_____	_____	_____	_____
2) Model: DPA	_____	_____	_____	_____	_____
3) Number of sections: 3 to 12	_____	_____	_____	_____	_____
4) CM	_____	_____	_____	_____	_____
(Please, inform when microswitch [reed] or magnetic indicator is needed.)	_____	_____	_____	_____	_____
5) Flow (50 / 100 / 150 / 200 / 300 / 400 / 500 mm³), constructive form (D = 2 outlets / S = 1 outlet) and cycle indicators (E = left / D = right)	_____	_____	_____	_____	_____
(Please, inform when necessary and inform at which section, except for 50 mm³ flow)	_____	_____	_____	_____	_____

Note:

Connection bridge and performance indicators

(Please, inform when necessary and inform at which section)

Examples:

1 DPA 3 (50D / 100S / 500D)

2 DPA 3 CM (100D / 200SD / 400S) w/ microswitch (reed)

3 DPA 3 (50D / 150DD / 300S) w/ visible cycle indicator

DPM

- 1) Quantity of dividers
- 2) Model: DPM
- 3) Number of pistons: 3 to 10
- 4) CM
(Please, inform when necessary microswitch[reed])
- 5) Flow (100 / 150 / 200 mm³), constructive form (D = 2 outlets / S = 1 outlet) and cycle indicator with visible stem (E = left / D = right)
(Please, inform when necessary and at which piston, except for 50 mm³ flow)

Note:

Bridge connection

(Please, inform when necessary and at which piston)

Examples:

1 DPM 3 (100S / 200D / 100S)

2 DPM 3 (100SE / 200S / 150S) w/ visible cycle indicator

1 DPM 3 CM (100D / 100DD / 100S) w/ microswitch (reed)
